

## Australian Computational and Linguistics Olympiad Registration Form (Western Australia)

- Any secondary school can enter two teams of four students each. Registrations will be on a *first come – first served* basis. A third team from each school can also be wait-listed in case an additional position becomes available.
- Teams at Years 9-10 will compete at the Junior level and teams at Years 11-12 at the Senior level. The two teams from any school can be both Junior, both Senior or one of each.
- Entrants should have attempted at least some of the sample problems in the Preparation Package or the sample problems available on the OzCLO website: [www.ozclo.org.au](http://www.ozclo.org.au).
